FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments:

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues:

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures:

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period:

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities:

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid:

Represents the actual amount paid. Includes retroactive payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnement et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements:

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus:

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration:

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnement et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période:

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec:

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé:

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits:

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension:

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits:

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 6

Gross Amount Paid:

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits:

Does not take into account retroactive payments for earlier months.

TABLE 16

Age:

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis:

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLEAU 4

Prestations:

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée:

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations:

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 6

Montant brut versé:

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations:

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Âge:

A moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité:

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

AVANT-PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments:

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues:

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures:

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period:

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities:

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid:

Represents the actual amount paid. Includes retro-active payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnements et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements:

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus:

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration:

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnements et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période:

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec:

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé:

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits:

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension:

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits:

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid:

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits:

Does not take into account retroactive payments for earlier months.

TABLE 16

Age:

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis:

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLEAU 4

Prestations:

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée:

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations:

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé:

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations:

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Age:

A moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité:

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

Inquiries should be directed to the:

AVANT-PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments:

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues:

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures:

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period:

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities:

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid:

Represents the actual amount paid. Includes retroactive payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnement et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements:

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus:

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintenance du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration:

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnements et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période:

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec:

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé:

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits:

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension:

-

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits:

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid:

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits:

Does not take into account retroactive payments for earlier months.

TABLE 16

Age:

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis:

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLEAU 4

Prestations:

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée:

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations:

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé:

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations:

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Âge:

À moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité:

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

Inquiries should be directed to the:

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

Les demandes de renseignements devraient être adressées à la:

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments:

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues:

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures:

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period:

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities:

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid:

Represents the actual amount paid. Includes retro-active payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnement et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements:

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus:

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration:

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnement et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période:

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec:

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé:

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits:

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension:

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits:

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid:

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits:

Does not take into account retroactive payments for earlier months.

TABLE 16

Age:

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis:

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLE 38

Interest Rate:

Related to the average yield to maturity on negotiable Canada maturing in 20 years or more.

TABLEAU 4

Prestations:

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée:

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations:

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé:

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations:

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Âge:

À moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité:

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

TABLEAU 38

Taux d'intérêt:

Le taux d'intérêt est relié au rendement moyen à l'échéance des obligations négociables du gouvernement du Canada dont le terme d'échéance est de 20 ans ou plus.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments:

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues:

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures:

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period:

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities:

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid:

Represents the actual amount paid. Includes retroactive payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnement et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements:

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus:

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration:

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnement et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période:

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, i.e., le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec:

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé:

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits:

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension:

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits:

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid:

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits:

Does not take into account retroactive payments for earlier months.

TABLE 16

Age:

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis:

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLEAU 4

Prestations:

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée:

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations:

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé:

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations:

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Âge:

À moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité:

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments:

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues:

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures:

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period:

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities:

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid:

Represents the actual amount paid. Includes retroactive payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnement et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements:

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus:

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration:

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnements et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période:

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, i.e., le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec:

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé:

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits:

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension:

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits:

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid:

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits:

Does not take into account retroactive payments for earlier months.

TABLE 16

Age:

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis:

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLEAU 4

Prestations:

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée:

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations:

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé:

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations:

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Age:

A moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité:

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments:

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues:

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures:

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue; Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period:

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities:

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid:

Represents the actual amount paid. Includes retroactive payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnement et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements:

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus:

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration:

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnements et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période:

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, i.e., le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec:

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé:

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits:

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension:

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits:

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid:

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits:

Does not take into account retroactive payments for earlier months.

TABLE 16

Age:

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis:

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adopted for Use in the United States.

TABLEAU 4

Prestations:

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée:

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations:

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé:

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations:

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Age:

A moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité:

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

Inquiries should be directed to the:

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue; Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid

Represents the actual amount paid. Includes retroactive payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnements et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnements et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits

Does not take into account retroactive payments for earlier months.

TABLE 16

Age

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLE 38

Interest Rate

Related to the average yield to maturity on negotiable Canada maturing in 20 years or more.

TABLEAU 4

Prestations

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Âge

A moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

TABLEAU 38

Taux d'intérêt

Le taux d'intérêt est relié au rendement moyen à l'échéance des obligations négociables du gouvernement du Canada dont le terme d'échéance est de 20 ans ou plus.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

Les demandes de renseignements devraient être adressées à la:

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid

Represents the actual amount paid. Includes retroactive payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnements et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnement et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits

Does not take into account retroactive payments for earlier months.

TABLE 16

Age

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLEAU 4

Prestations

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Age

A moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid

Represents the actual amount paid. Includes retro-active payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnements et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 2

Investissements effectués au cours d'une période

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits

Does not take into account retroactive payments for earlier months.

TABLE 16

Age

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLEAU 4

Pension combinée

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid

Represents the actual amount paid. Includes retro-active payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnement et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnement et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période

Les cotisations perçues dans un mois donné sont créditées au Compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits

Does not take into account retroactive payments for earlier months.

TABLE 16

Age

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLEAU 4

Prestations

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Âge

À moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

FOREWORD

The Canada Pension Plan Statistical Bulletin contains selected statistical information on the operation of the Canada Pension Plan. The Bulletin makes this information available quarterly to industry, welfare organizations, all levels of government and interested persons.

The data contained in the Bulletin pertains almost entirely to that part of Canada which lies outside the Province of Quebec. Except for certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police, persons employed in the Province of Quebec do not contribute to the Canada Pension Plan but to the Quebec Pension Plan, a similar program administered by that province.

AVANT - PROPOS

Le bulletin statistique du Régime de pensions du Canada contient des renseignements sur les activités du Régime de pensions du Canada. Le bulletin met, trimestriellement, cette information à la disposition de l'industrie, des organismes de bien-être social, de tous les niveaux de gouvernement, et des personnes intéressées.

Presque tous les renseignements présentés dans ce Bulletin concernent cette partie du Canada située à l'extérieur de la province de Québec. Exception faite de certaines catégories de gens, comme les membres des Forces armées et de la Gendarmerie royale du Canada, les personnes employées dans la province de Québec ne sont pas couvertes par le Régime de pensions du Canada mais par le Régime de rentes du Québec, un programme comparable au Régime de pensions du Canada.

INTRODUCTION

The tables appearing in this publication contain information on the Canada Pension Plan Account; the Canada Pension Plan Investment Fund; number of benefits; benefit payments; average benefit amounts; beneficiaries by age and sex; size of pensions; and causes of disability. These tables have been obtained from programs developed in cooperation with and tabulated by the Canada Pension Plan Division of the Department of Supply and Services and from the files of the Claims and Benefits Division of the Canada Pension Plan.

Due to rounding, data may not add to the totals shown.

The symbol (-) is used throughout the bulletin to indicate nil or an amount less than can be shown with the number of digits used.

CONCEPTS AND TERMINOLOGY

The following concepts and terminology are described under the number of the first table in which they appear.

TABLE 1

Interest on Investments

Interest is received from contributions lent to the provinces. Excluded is interest accrued but not received.

Other Revenues

Include: (a) interest on monthly operating balance, (b) recoveries from the Quebec Pension Plan of its share of the cost of maintaining the Central Index for Social Insurance Numbers, (c) the Quebec Pension Plan's share of benefits in respect of dual contributors, and (d) miscellaneous revenues.

Administrative Expenditures

Administrative costs are charged to the Canada Pension Plan Account by the departments and agencies involved: National Health and Welfare; National Revenue, Taxation; Supply and Services; Public Works; Unemployment Insurance Commission; and Department of Insurance.

TABLE 2

Investments Made in Period

Contributions collected in any month are credited to the account in the following month and are made available for the purchase of securities in that following month. Actual investments in securities are made in the next following month, i.e., the second month following that in which they are remitted or collected.

Investment Fund - Quebec Securities

The amounts purchased from the Province of Quebec arise out of contributions made to the Canada Pension Plan by certain categories of people, such as members of the Armed Forces and the Royal Canadian Mounted Police in that province.

TABLE 3

Net Amount Paid

Represents the actual amount paid. Includes retroactive payments, adjustments to benefits, returned cheques, etc.

INTRODUCTION

Les tableaux qui apparaissent dans cette publication contiennent des renseignements sur le Compte du Régime de pensions du Canada, le Fonds de placement du Régime de pensions du Canada, le nombre de prestations, les paiements de prestations, la moyenne des paiements de prestations, les bénéficiaires suivant l'âge et le sexe, les pensions suivant le montant, et les causes d'invalidité. Ces tableaux ont été obtenus de programmes mis au point en collaboration avec le ministère des Approvisionnements et Services, division du Régime de pensions du Canada, dont les données proviennent des archives de la Division des demandes et prestations du Régime de pensions du Canada.

Les nombres étant arrondis, l'addition des données ne correspond pas toujours aux totaux indiqués.

Le symbole (-) indique un montant nul ou inférieur à ce qui peut être montré avec l'unité utilisée.

CONCEPTS ET TERMINOLOGIE

Les concepts suivants ainsi que la terminologie sont décrits sous le numéro du premier tableau dans lequel ils apparaissent.

TABLEAU 1

Intérêts sur les investissements

Intérêts reçus des cotisations prêtées aux provinces. Les intérêts courus mais non reçus sont exclus.

Autres revenus

Comprennent: (a) les intérêts sur les soldes mensuels d'exploitation, (b) le recouvrement auprès du Régime de rentes du Québec pour sa quote-part des frais de maintien du fichier central pour les numéros d'assurance sociale, (c) la part du Régime de rentes du Québec dans le paiement d'une prestation à un bénéficiaire ayant contribué aux deux Régimes, et (d) revenus divers.

Dépenses d'administration

Les frais d'administration débités au Compte du Régime de pensions du Canada au profit des ministères et des agences indiqués: Santé nationale et Bien-être social; Revenu national, Impôt; Approvisionnements et Services; Travaux publics; Commission d'assurance-chômage; et Département des assurances.

TABLEAU 2

Investissements effectués au cours d'une période

Les cotisations perçues dans un mois donné sont créditées au compte dans le mois suivant et sont disponibles pour l'achat de titres au cours de ce mois. Les investissements réels en titres sont effectués au cours du mois suivant, à savoir, le deuxième mois suivant celui au cours duquel les cotisations sont remises ou perçues.

Fonds de placement - Titres du Québec

Les montants achetés de la province du Québec proviennent des cotisations versées au Régime de pensions du Canada par certaines catégories de gens, comme les membres des forces armées et de la Gendarmerie royale du Canada dans cette province.

TABLEAU 3

Montant net versé

Représente le montant réel versé. Comprend les paiements rétroactifs, les ajustements de prestations, les chèques retournés, etc.

TABLE 4

Benefits

Include any benefit paid during the month, that is, benefits paid for the first time during that month as well as benefits which commenced in a previous month and are still being paid.

Combined Pension

Refers to the amount a person may receive through a retirement or a disability pension together with a surviving spouse's pension.

The actual pensions have already been shown in the appropriate columns.

TABLE 5

New Benefits

The month new benefits become payable is determined to be the month in which payments are first issued, which may be later than the effective month of that benefit. All benefits being reported for the first time reflect the interim amount of the benefit. Interim amounts are converted to final amounts when the exact record of earnings is established.

TABLE 8

Gross Amount Paid

Gross amount does not include adjustments to benefits or take into account returned cheques. Gross amount includes retroactive payments, if any.

TABLE 12

Monthly Average of Benefits

Does not take into account retroactive payments for earlier months.

TABLE 16

Age

Unless otherwise specified, the age is that at the end of the month for which the data are tabulated.

TABLE 35

Classes of Principal Diagnosis

The nomenclature for the classes of principal diagnosis is taken from the Eighth Revision International Classification of Diseases, Adapted for Use in the United States.

TABLE 38

Interest Rate

Related to the average yield to maturity on negotiable Canada maturing in 20 years or more.

TABLEAU 4

Prestations

Comprennent toute prestation payée pendant le mois, que ce soit les prestations payées pour la première fois durant ce mois ou les prestations qui ont débuté au cours d'un mois antérieur et dont les paiements sont encore en vigueur.

Pension combinée

S'applique à une personne qui reçoit une pension de retraite ou d'invalidité et une pension de conjoint survivant.

Les pensions réelles sont déjà indiquées dans les colonnes appropriées.

TABLEAU 5

Nouvelles prestations

Le mois au cours duquel une nouvelle prestation ou une nouvelle pension est payée est le mois dans lequel les paiements sont versés pour la première fois, ce qui peut être ultérieur au mois où cette prestation est normalement payable. Toutes les prestations qui sont rapportées pour la première fois reflètent le montant provisoire de la prestation. Quand le montant véritable des gains a été établi, les montants provisoires sont convertis en montants finals.

TABLEAU 8

Montant brut versé

Le montant brut ne comprend pas les ajustements de prestations et ne tient pas compte des chèques retournés. Le montant brut comprend les paiements rétroactifs, s'il en existe.

TABLEAU 12

Moyenne mensuelle des prestations

Ne tient pas compte des paiements rétroactifs pour les mois précédents.

TABLEAU 16

Âge

À moins de référence spécifique, l'âge du bénéficiaire est celui à la fin du mois indiqué.

TABLEAU 35

Causes principales d'invalidité

Correspondent aux grandes divisions qui apparaissent dans le Manuel de la Classification Internationale des Maladies, 8^e révision, adapté pour les États-Unis.

TABLEAU 38

Taux d'intérêt

Le taux d'intérêt est relié au rendement moyen à l'échéance des obligations négociables du gouvernement du Canada dont le terme d'échéance est de 20 ans ou plus.
